

**Legacy to Lifted's record of social responsibility, philanthropy, and ties to the proposed host community**

The Legacy to Lifted team is born, raised, and still resides in Jersey City.

**Christopher Broderick, CEO/sole owner**

Founding member and sole owner, Christopher Broderick is born and raised in Jersey City. As a native Jersey City resident, Mr. Broderick attended William L. Dickinson High school in Jersey City and Hudson County Community College. Growing in a household of six with one source of incoming was always difficult. Cannabis helped Chris cope with the pressures of life. Financially, he became passionate and discovered potential in its business. He persisted to do extensive research on the Cannabis market and its advantages.

In 2012, he decided to explore the only state, at the time, to legally sell and consume Cannabis. While on his trip, he attended a showcase with various vendors and dispensary owners. Christopher was very intrigued, leaving him with endless curiosity to learn more from his friends.

To be able to support his life and help develop his plan for the future of the Cannabis industry in NJ, he opened a business of his own. In 2018, Christopher established Metro Trucking Associates. Metro Trucking Associates provides transport of goods from ports to warehouses across the country.

Full of passion to learn more, on his time off work, Christopher would travel to learn more from his mentors in the cannabis industry. He saw much opportunity and would anticipate the day it was legalized in New Jersey. This is his opportunity to put his knowledge and plan to action.

Giving back to the community has always been a priority to Christopher. In the month of April, donated karate uniforms to the students in Jang Star Taekwondo School. Having this platform would allow him to continue to give back to the community in different forms.
