I, Ayman Agaiby, residing at 28 Mina drive 2nd floor, Jersey city 07305 for one year and a half "since July 2020", state that before Michael "the owner" put the higher fence, the house had no privacy at all because the house yard is only front & side yard; not in the back of the house, a couple of robbery attempts & trespassing I witnessed, so the house wasn't safe or secure at all.

Manna "Michael's wife" & Michael told me before many times about how that affected their overall feeling of safety & how that caused them anxiety & fear, especially after having a newborn baby girl "Laila".

the house now with a little higher fence "6 feet" is a lot safer than before.
